

Double Your Gift Without Doubling Your Donation

Before you make a gift to support Trinity Oaks Christian Academy, check to see if your employer matches charitable gifts.

Q. How do I know if my employer offers a matching gift program?

A. Check your employee handbook or contact your human resources department. If you don't have a matching gift program, ask your employer to consider offering one. Also check to see if your spouse's employer will offer to match a gift.

Q. How does it work?

A. Make your donation to Trinity Oaks Christian Academy and complete any matching gift paperwork from your employer. Then we will verify the gift with your employer. Your employer then sends a matching contribution in your name.

Q. What types of gifts qualify?

A. Cash gifts or checks are eligible for employer matches. Other types of gifts may also be eligible depending on the employer's designed program—contact your human resources department to learn more.
