HONORABLE MENTION

Dr. Paul Wrobbel
Head of School

At Trinity Oaks we are truly grateful for the opportunity to partner with parents in immersing their children in a biblical worldview. The need for Christian schools in our world has never been greater. The curriculum of public schools cannot sufficiently guide students through their formative years when students ask deep questions about the origin of life, the meaning of life, the moral basis for life and questions about our eternal destiny because those schools do not use the ultimate standard of truth which is the Word of God. The Bible gives us an explanation for how things began and answers to life's deepest questions. The Bible also provides principles and guidelines for living a meaningful and fulfilling life. At Trinity Oaks we recognize the authority of the Word of God and the Lordship of Jesus Christ in all areas of life and learning. We respond in obedience to His call to be transforming influences in our communities. We also help students realize that only a Christian worldview can give meaning and a cohesive and coherent framework for life. We desire that each of our students comes to know the meaning and power of Jesus words in John 10:10 "I came that they may have life and have it abundantly." Thank you for your part in praying for and supporting this ministry and in helping us make this vision a reality.

CHRISTMAS GIFT CHAPEL

Christmas Gift Chapel is a very special time where each class presents their gifts to various charities locally and around the world. With joyful hearts, our students collected offerings totaling over \$4,500 for those in need!

The Annual Fall Banquet fundraiser was such a fun night to celebrate our wonderful school. We changed it up this year and had a Bingo Night with themed tables. Our school community always has a great time together and between the silent auction and donations, we received over \$150,000 in donations.
